CASE STUDY

As part of our 5 year celebrations in 2016 we took the children of Talana Primary (a farm school near Montagu) on a trip to Cape Town.

This was a dream come true for RAM. It was always our dream to bring these farm school kids to a city so that they can see what lies beyond farm roads. We need to break the cycle of poverty and give them a vision of what is possible!

Busses were sent to Montagu to bring this school to Cape Town. **Together with Imagine Cruising SA & UK and their staff and many other contributors, each child got a pair of school shoes, a goody bag, sweets & treats on the trip.** What an awesome day! The face painting, nail painting, soccer was so much fun.

CAPE TOWN TRIP FOR TALANA PRIMARY – Opening up Horizons - May 2016

A day to remember forever. Talana Scholars from rural Montagu will always look back at this day and know the world is so much bigger than a farm road and area. We went through to Montagu a week later to check on what they've learnt from the experience…and honestly everything we had hoped for, they absorbed. Our aim was to expose them to a life unknown to them so that they are inspired to better their situation. The answers were amazing...from all the ages. We were stunned at how accurately our purpose and message was taken.

We are so blessed and thank each one who contributed for helping RAM make a difference.
